Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee WEE/18, Gas welding and cutting appliances, upon which the following bodies were represented:

- British Compressed Gases Association
- British Railways Board
- Consumer Policy Committee of BSI
- Health and Safety Executive
- LP Gas Association
- Railway Industry Association
- South Bank University
- Welding Manufacturers' Association (BEAMA Ltd.)

This British Standard, having been prepared under the direction of the Engineering Sector Board, was published under the authority of the Standards Board and comes into effect on 15 April 1996

National foreword

This British Standard has been prepared by Technical Committee WEE/18, and is the English language version of EN 961:1995 *Gas welding equipment — Manifold regulators used in welding, cutting and allied processes up to 200 bar* published by the European Committee for Standardization (CEN).

It is assumed that the execution of the provision of the document is entered to suitably qualified and experienced persons.

Cross-references

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 14, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

ICS 23.060.40; 25.160.10

Descriptors: Welding equipment, gas welding, gas cutting, compressed gas, acetylene, pressure regulators, gas cylinders, specifications, design, safety, equipment specifications, performance evaluation, tests, marking

English version

Gas welding equipment — Manifold regulators used in welding, cutting and allied processes up to 200 bar

Matériel de soudage aux gaz — Détendeurs des centrales de bouteilles (de gaz industriels) — pour le soudage, le coupe et les techniques connexes jusqu'à 200 bar

Gasschweißgeräte — Hauptstellendruckregler für Schweißen, Schneiden und verwandte Verfahren bis 200 bar

This European Standard was approved by CEN on 1995-04-08. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

Foreword

This European Standard has been prepared by Subcommittee 7, Equipment for gas welding, cutting and allied processes, of Technical Committee CEN/TC 121, Welding, of which the secretariat is held by DS.

It is based on ISO 7291:1990 *Welding, cutting and allied processes — Manifold regulators*, but amended considering EN 585 on pressure regulators for gas cylinders up to 200 bar.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by February 1996, and conflicting national standards shall be withdrawn at the latest by February 1996.

In accordance with the CEN/CENELEC Internal Regulations, the following countries are bound to implement this European Standard: Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland, United Kingdom.
