

Transportable gas cylinders — Valve protection caps and valve guards for industrial and medical gas cylinders — Design, construction and tests

The European Standard EN 962:1996, with the incorporation of amendment A1:1999 and A2:2000, has the status of a British Standard

ICS 23.020.30; 23.060.99

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee PVE/3, Gas containers, upon which the following bodies were represented:

- Aluminium Extruders' Association
- Aluminium Federation
- British Compressed Gases Association
- British Fire Consortium
- British Gas plc
- British Iron and Steel Producers' Association
- British Soft Drinks Association Ltd.
- Engineering Equipment and Materials Users' Association
- Fire Extinguishing Trades Association
- Health and Safety Executive
- Home Office
- Institution of Chemical Engineers
- LP Gas Association
- Marine Safety Agency
- Ministry of Defence
- National Engineering Laboratory
- National Physical Laboratory
- Safety Assessment Federation Ltd.
- Safety Equipment Association
- Tube Investments Chesterfield Tube Co. Ltd.
- Tubes Investments Limited

The following bodies were also represented in the drafting of the standard, through subcommittees and panels:

- British Association of Breathing Apparatus Service Engineers
- Department of Health

This British Standard, having been prepared under the direction of the Engineering Sector Board, was published under the authority of the Standards Board and comes into effect on 15 February 1997

National foreword

This British Standard has been prepared by Technical Committee PVE/3 and is the English language version of EN 962:1996 *Transportable gas cylinders — Valve protection caps and valve guards for industrial and medical gas cylinders — Design, construction and tests*, including amendments A1:1999 and A2:2000, published by the European Committee for Standardization (CEN).

EN 962 was produced as a result of international discussions in which the United Kingdom took an active part.

There has previously been no direct British Standard equivalent to this standard

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the BSI Standards catalogue under the section entitled “International Standards Correspondence Index” or by using the “Find” facility of the BSI Standards Electronic Catalogue.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 10, inside back cover and a back cover.

ICS 23.020.30; 29.060.00

Descriptors: Gas cylinder, gas, medical gases, gas valves, safety devices, pipe caps, specifications, design, conformity, tests, mechanical strength, physical properties, dimensions, marking

English version

Transportable gas cylinders — Valve protection caps and valve guards for industrial and medical gas cylinders — Design, construction and tests

(includes amendments A1:1999 and A2:2000)

Bouteilles à gaz transportables — Chapeaux fermés
et chapeaux ouverts de protection des robinets de
bouteilles à gaz industriels et médicaux —
Conception, construction et essais
(inclut les amendements A1:1999 et A2:2000)

Ortsbewegliche — Gasflaschen Ventilschutzkappen
und Ventilschutzvorrichtungen für Gasflaschen in
industriellem und medizinischem Einsatz —
Gestaltung, Konstruktion und Prüfungen
(enthält Änderung en A1:1999 und A2:2000)

This European Standard was approved by CEN on 1996-01-22. Amendment A1:1999 was approved by CEN on 1999-10-19. Amendment A2:2000 was approved by CEN on 1999-10-19. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
