National foreword

This British Standard has been prepared under the direction of the Refractory Products Standards Policy Committee and is the English language version of EN 993-2:1995, *Methods of test for dense shaped refractory products — Part 2: Determination of true density*, published by the European Committee for Standardization (CEN).

It supersedes BS 1902-3.4:1981 which is withdrawn.

EN 993-2 was produced as a result of international discussions in which the UK took an active part.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

This European Standard was approved by CEN on 1995-02-15; amendment A1 was approved by CEN on 12 September 2003. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

The European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Luxembourg, Malta, Netherlands, Norway, Portugal, Slovakia, Spain, Sweden, Switzerland and United Kingdom.
