

BSI Standards Publication

Lighting control interface for dimming — Analogue voltage dimming interface for electronic current sourcing controlgear

National foreword

This British Standard is the UK implementation of EN IEC 63128:2019+A1:2024. It is identical to IEC 63128:2019, incorporating amendment 1:2024. It supersedes BS EN IEC 63128:2019, which will be withdrawn on 16 August 2027.

The start and finish of text introduced or altered by amendment is indicated in the text by tags. Tags indicating changes to IEC text carry the number of the IEC amendment. For example, text altered by IEC amendment 1 is indicated by A1 A1.

The UK participation in its preparation was entrusted to Technical Committee CPL/34/3, Auxiliaries for lamps.

A list of organizations represented on this committee can be obtained on request to its committee manager.

Contractual and legal considerations

This publication has been prepared in good faith, however no representation, warranty, assurance or undertaking (express or implied) is or will be made, and no responsibility or liability is or will be accepted by BSI in relation to the adequacy, accuracy, completeness or reasonableness of this publication. All and any such responsibility and liability is expressly disclaimed to the full extent permitted by the law.

This publication is provided as is, and is to be used at the recipient's own risk.

The recipient is advised to consider seeking professional guidance with respect to its use of this publication.

This publication is not intended to constitute a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 July 2019.

Amendments/corrigenda issued since publication

Date	Text affected
30 September 2024	Implementation of IEC amendment 1:2024 with CENELEC endorsement A1:2024

English Version

Lighting control interface for dimming - Analogue voltage
dimming interface for electronic current sourcing controlgear
(IEC 63128:2019)

Interface de commande d'éclairage pour variation
d'intensité - Interface de variation de tension analogique
pour appareillage d'alimentation électronique
(IEC 63128:2019)

Lichtsteuerschnittstelle für Dimmung - Analoge
Spannungsschnittstelle für elektronische Lichtquellen-
Betriebsgeräte
(IEC 63128:2019)

This European Standard was approved by CENELEC on 2019-06-24. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the CEN-CENELEC Management Centre or to any CENELEC member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Bulgaria, Croatia, Cyprus, the Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, the Netherlands, Norway, Poland, Portugal, Republic of North Macedonia, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and the United Kingdom.

European foreword

The text of document 34/592/FDIS, future edition 1 of IEC 63128, prepared by IEC/TC 34 "Lamps and related equipment" was submitted to the IEC-CENELEC parallel vote and approved by CENELEC as EN IEC 63128:2019.

The following dates are fixed:

- latest date by which the document has to be implemented at national level by publication of an identical national standard or by endorsement (dop) 2020-03-24
- latest date by which the national standards conflicting with the document have to be withdrawn (dow) 2022-06-24

Attention is drawn to the possibility that some of the elements of this document may be the subject of patent rights. CENELEC shall not be held responsible for identifying any or all such patent rights.

Endorsement notice

The text of the International Standard IEC 63128:2019 was approved by CENELEC as a European Standard without any modification.

In the official version, for Bibliography, the following notes have to be added for the standards indicated:

IEC 61347 series	NOTE	Harmonized as EN 61347 series
IEC 61347-1	NOTE	Harmonized as EN 61347-1
IEC 61347-2-2	NOTE	Harmonized as EN 61347-2-2
IEC 61347-2-3	NOTE	Harmonized as EN 61347-2-3
IEC 61347-2-12	NOTE	Harmonized as EN 61347-2-12
IEC 61347-2-13	NOTE	Harmonized as EN 61347-2-13
IEC 60081	NOTE	Harmonized as EN 60081
IEC 60901	NOTE	Harmonized as EN 60901
IEC 60929	NOTE	Harmonized as EN 60929
IEC 61047	NOTE	Harmonized as EN 61047
IEC 61167	NOTE	Harmonized as EN 61167
IEC 62384	NOTE	Harmonized as EN 62384
IEC 62386 series	NOTE	Harmonized as EN IEC 62386 series
IEC 62717	NOTE	Harmonized as EN 62717
IEC 62756-1	NOTE	Harmonized as EN 62756-1
IEC 62811	NOTE	Harmonized as EN 62811

European foreword to amendment A1

The text of document 34/1053/CDV, future IEC 63128/AMD1, prepared by IEC/TC 34 "Lighting" was submitted to the IEC-CENELEC parallel vote and approved by CENELEC as EN IEC 63128:2019/A1:2024.

The following dates are fixed:

- latest date by which the document has to be implemented at national (dop) 2025-05-16 level by publication of an identical national standard or by endorsement
- latest date by which the national standards conflicting with the (dow) 2027-08-16 document have to be withdrawn

Attention is drawn to the possibility that some of the elements of this document may be the subject of patent rights. CENELEC shall not be held responsible for identifying any or all such patent rights.

Any feedback and questions on this document should be directed to the users' national committee. A complete listing of these bodies can be found on the CENELEC website.

Endorsement notice

The text of the International Standard IEC 63128:2019/AMD1:2024 was approved by CENELEC as a European Standard without any modification.

CONTENTS

FOREWORD	3
1 Scope	5
2 Normative references	5
3 Terms and definitions	5
4 General remarks on tests	7
4.1 Disconnected control signal	7
4.2 Type test	7
4.3 Test order and application of test	7
5 Marking	7
6 System description	7
6.1 General	7
6.2 Control signal voltage range and characteristics	8
6.3 Dimming curve	9
6.4 Control input current limits	9
6.5 Switch-on	9
A1 7 Simulation of incandescent dimming (optional)	9
7.1 General	9
7.2 Response to light source dimming	10
7.3 Dim-to-warm marking	10 A1
A1 Annex A (informative) Warm dim control for analogue dimming having controlgear with a linear output power to control voltage response	11
A.1 General	11
A.2 Correlation to 0 V to 10 V control	11 A1
Bibliography	14
Figure 1 – Marking of controllable electronic light source controlgear	7
Figure 2 – Functional specification for DC voltage control	8
Figure 3 – Connection diagram for several controllable electronic lamp controlgear	8
A1 Figure 4 – Marking of dim-to-warm electronic light source controlgear	10
Figure A.1 – Typical warm dimming LED system utilizing two LED sources	11
Figure A.2 – Full power rated CCT: 2 700 K – Dimmed relative power minimum: 10 %	12
Figure A.3 – Full power rated CCT: 3 000 K – Dimmed relative power minimum: 10 %	13
Figure A.4 – Full power rated CCT: 3 000 K – Dimmed relative power minimum: 30 %	13 A1
Table 1 – Control signal related to the electronic light source controlgear output power (light level of the dimming curve)	9
