National foreword

This British Standard has been prepared by Technical Committee TCI/25, and is the English language version of EN ISO 105-E13:1996 *Textiles — Tests for colour fastness — Part E13: Colour fastness to acid-felting: Severe* published by the European Committee for Standardization (CEN). It is identical with ISO 105-E13:1994, published by the International Organization for Standardization (ISO).

This British Standard supersedes the corresponding method in BS 1006:1990, which is withdrawn by amendment.

Teil E13: Farbechtheit gegen saures
Walken: schwere Beanspruchung
(ISO 105-E13:1994)

This European Standard was approved by CEN on 1996-11-30. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

The European Standards exist in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own Language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
