Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee TCI/25, Chemical properties, upon which the following bodies were represented:

- Association of Consulting Scientists
- Association of Suppliers to the British Clothing Industry
- British Apparel and Textile Confederation
- British Clothing Industry Association
- British Measurement and Testing Association
- British Retail Consortium
- Chemical Industries Association
- Consumer Policy Committee of BSI
- Fabric Care Research Association Ltd.
- Home Laundering Consultative Council
- International Wool Secretariat
- Mail Order Traders' Association
- Ministry of Defence
- National Wool Textile Export Corporation
- SATRA Footwear Technology Centre
- Soap and Detergent Industry Association
- Society of Dyers and Colourists
- Textile Finishers' Association

Participation in the detailed technical work was undertaken by the Society of Dyers and Colourists

This British Standard, having been prepared under the direction of the Sector Board for Materials and Chemicals, was published under the authority of the Standards Board and comes into effect on 15 February 1996

National foreword

This British Standard has been prepared by Technical Committee TCI/25 and is the English language version of EN ISO 105-G01:1995 *Textiles — Tests for colour fastness — Part G01: Colour fastness to nitrogen oxides*, published by the European Committee for Standardization (CEN). It was derived by CEN from ISO 105-G01:1993, published by the International Organization for Standardization (ISO).

This British Standard supersedes the corresponding method in BS 1006:1990, which is withdrawn by amendment.

Cross-references

Publication referred to	Corresponding British Standard

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN ISO title page, pages 2 to 10, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

ICS 59.080.10

Descriptors: Textiles, dyes, tests, environmental tests, determination, colour fastness, nitrogen oxides, air pollution

English version

Textiles — Tests for colour fastness — Part G01: Colour fastness to nitrogen oxides

(ISO 105-G01:1993)

Textiles — Essais de solidité des teintures —
Partie G01: Solidité des teintures aux oxydes
d'azote
(ISO 105-G01:1993)

Textilien — Farbechtheitsprüfungen —
Teil G01: Farbechtheit gegenüber Stickoxiden
(ISO 105-G01:1993)

This European Standard was approved by CEN on 1995-07-28. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
