Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee PRI/41, Fibre reinforcement for plastics and composite test methods, upon which the following bodies were represented:

- British Plastics Federation
- Department of Trade and Industries National Physical Laboratory
- Ministry of Defence
- Motor Industry Research Association

This British Standard, having been prepared under the direction of the Sector Board for Materials and Chemicals, was published under the authority of the Standards Board and comes into effect on 15 July 1995

National foreword

This British Standard has been prepared by Technical Committee PRI/41 and is the English language version of EN ISO 10548:1996 *Carbon fibre — Determination of size content* published by the European Committee for Standardization (CEN). It supersedes BS 7658-3:1995 which is withdrawn.

In 1996 the European Committee for Standardization (CEN) accepted ISO 10548:1994 as a European Standard. As a consequence of implementing the European Standard, this British Standard is renumbered as BS EN ISO 10548:1996 and any reference to BS 7658-3 should be read as a reference to BS EN ISO 10548.

Cross-reference

International Standard	Corresponding British Standard
ISO 1886:1990	BS EN ISO 1886:1995 <i>Reinforcement fibres — Sampling applicable to received batches</i>

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN ISO title page, pages 2 to 8, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

English version

Carbon fibre — Determination of size content

(ISO 10548:1994)

Fibres de carbone — Détermination du taux
d'ensimage
(ISO 10548:1994)

Kohlenstoffasern — Bestimmung des
Präparationsmassenanteils
(ISO 10548:1994)

This European Standard was approved by CEN on 1995-11-24. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
