

Building construction — Sealants for joints — Determination of change in mass and volume

The European Standard EN ISO 10563:1997 has the status of a British Standard

ICS 91.100.50

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee B/547, Sealants for building and construction, upon which the following bodies were represented:

- Aluminium Window Association
- Association of Sealant Applicators
- British Adhesives and Sealants Association
- Building Employers Confederation
- Department of the Environment (Building Research Establishment)
- Flat Glass Manufacturers' Association
- Glass and Glazing Federation
- Local Authority Organizations
- Society of Chemical Industry
- Water Services Association of England and Wales

This British Standard, having been prepared under the direction of the Sector Board for Building and Civil Engineering (B/-), was published under the authority of the Standards Board and comes into effect on 15 April 1995

National foreword

This British Standard is the English language version of EN ISO 10563:1997.
The UK participation in its preparation was entrusted to Technical Committee B/547, Sealants for building and construction, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international committee any enquiries on interpretation, or proposals for change, and keep UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

NOTE International and European Standards, as well as overseas standards, are available from Customer Services, BSI, 389 Chiswick High Road, London W4 4AL.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN ISO title page, page 2, the ISO title page, page ii, pages 1 and 2, an inside back cover and a back cover.
