National foreword

This British Standard has been prepared by Subcommittee EH/3/5. It is the English language version of EN ISO 10634:1995 *Water quality — Guidance for the preparation and treatment of poorly water-soluble organic compounds for the subsequent evaluation of their biodegradability in an aqueous medium* published by the European Committee for Standardization (CEN), which endorses ISO 10634:1995, published by the International Organization for Standardization (ISO).
