

CONFIRMED
DECEMBER 1998

Preparation of steel substrates before application of paints and related products — Specifications for non-metallic blast-cleaning abrasives —

Part 5: Nickel refinery slag

The European Standard EN ISO 11126-5:1998 has the status of a British Standard

ICS 25.220.10; 87.020

**BS EN ISO
11126-5:1998
BS 7079-F5:
1994**

*Incorporating
Amendment No. 1 to
BS 7079-F5:1994
(which it renumbers
as BS EN ISO
11126-5:1998)*

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Surface Treatments and Coatings Standards Policy Committee (STC/-) to Technical Committee STC/21, upon which the following bodies were represented:

- Association of Consulting Engineers
- British Chemical Engineering Contractors' Association
- British Coatings Federation Ltd.
- British Constructional Steelwork Association Ltd.
- British Grit Association
- British Railways Board
- British Steel Industry
- Department of Transport
- Electricity Association
- Institute of Corrosion
- National Federation of Painting and Decorating Contractors
- Oil and Colour Chemists' Association
- Paint Research Association
- Royal Society of Chemistry

This British Standard, having been prepared under the direction of the Surface Treatments and Coatings Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 15 March 1994

National foreword

This British Standard has been prepared by Technical Committee STI/21 and is the English language version of EN 11126-5:1998 *Preparation of steel substrates before application of paints and related products — Specification for non-metallic blast-cleaning abrasives — Part 5: Nickel refinery slag*, published by the European Committee for Standardization (CEN). It is identical with ISO 11126-5:1993, published by the International Organization for Standardization (ISO).

International Standard ISO 11126-5 was prepared by Technical Committee ISO/TC 35, Paints and varnishes, Subcommittee SC 12, Preparation of steel substrates before application of paints and related products.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the BSI Standards Catalogue under the section entitled “International Standards Correspondence Index”, or by using the “Find” facility of the BSI Standards Electronic Catalogue.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN ISO title page, pages 2 to 6 and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
