

Plastics — Film and sheeting — Determination of dimensional change on heating

IMPORTANT NOTICE. Before reading this method it is essential to read BS 2782-0, Introduction, issued separately.
The European Standard EN ISO 11501:2004 has the status of a British Standard

ICS 83.140.10

Committees responsible for this British Standard

This preparation of this Part of BS 2782 was entrusted to Technical Committee PRI/75, Plastics and rubber film and sheets, upon which the following bodies were represented:

- British Plastics Federation
- Her Majesty’s Stationery Office
- Institute of Trading Standards Administration
- Ministry of Defence
- Packaging and Industrial Films Association
- PIRA International

This British Standard, having been prepared under the direction of the Sector Board for Materials and Chemicals, was published under the authority of the Standards Board and comes into effect on 15 May 1996

Summary of pages

This document comprises a front cover, an inside front cover, the EN ISO title page, pages 1 to 7 and a back cover.

National foreword

This Part of BS 2782 has been prepared by PRI/75. It is identical with ISO 11501:1995, *Plastics — Film and sheeting — Determination of dimensional change on heating*, published by the International Organization for Standardization (ISO).

The Technical Committee has reviewed the provisions of ISO 291:1977, to which reference is made in the text, and has decided that they are acceptable for use in conjunction with this standard.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN ISO title page, pages 2 to 7 and a back cover.
