

Methods of testing

Plastics —

Part 8: Other properties —

Method 825A: Film and sheeting — Determination of blocking resistance

IMPORTANT NOTE. Before reading this method it is essential to read BS 2782-0 *Introduction* issued separately

This European Standard EN ISO 11502:2005 has the status of a British Standard

ICS 83.140

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee PRI/75, Plastics and rubber films and sheets, upon which the following bodies were represented:

- British Plastics Federation
- Her Majesty’s Stationery Office
- Institute of Trading Standards Administration
- Ministry of Defence
- Packaging and Industrial Films Association
- PIRA International

This British Standard, having been prepared under the direction of the Sector Board for Materials and Chemicals, was published under the authority of the Standards Board and comes into effect on 15 May 1996

National foreword

This British Standard is the official English language version of EN ISO 11502:2005. It is identical with ISO 11502:1995, *Plastics – Film and sheeting – Determination of blocking resistance*, published by the International Organization for Standardization (ISO).

The UK participation in its preparation was entrusted by Technical Committee PRI/75, Plastics, film and sheeting, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

Cross-references

The Technical Committee has reviewed the provisions of ISO 291:1997, to which normative reference is made in the text and which is related to BS 2782-0 *Introduction*, and has decided that they are acceptable for use in conjunction with this standard.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, the EN ISO title page, pages 1 to 6, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

English Version

Plastics - Film and sheeting - Determination of blocking
resistance (ISO 11502:1995)

Plastiques - Film et feuille - Détermination du pouvoir
bloquant (ISO 11502:1995)

Kunststoffe - Folien und Bahnen - Bestimmung des
Blockwiderstandes (ISO 11502:1995)

This European Standard was approved by CEN on 7 July 2005.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Slovakia, Slovenia, Spain, Sweden, Switzerland and United Kingdom.
