

Textiles — Determination of the resistance of cellulose- containing textiles to micro-organisms — Soil burial test —

Part 1: Assessment of rot-retardant finishing

The European Standard EN ISO 11721-1:2000 has the status of a British Standard

ICS 07.100.99; 59.080.30

National foreword

This British Standard is the official English language version of EN ISO 11721-1:2001. It is identical with ISO 11721-1:2001.

The UK participation in its preparation was entrusted to Technical Committee TCI/80, Chemical testing of textiles, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

Cross-references

Attention is drawn to the fact that CEN and CENELEC Standards normally include an annex which lists normative references to international publications with their corresponding European publications. The British Standards which implement these international or European publications may be found in the BSI Standards Catalogue under the section entitled “International Standards Correspondence Index”, or by using the “Find” facility of the BSI Standards Electronic Catalogue.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, the EN ISO title page, pages 2 to 13 and a back cover.

The BSI copyright notice displayed in this document indicates when the document was last issued.

This British Standard, having been prepared under the direction of the Sector Committee for Materials and Chemicals, was published under the authority of the Standards Committee and comes into effect on 15 March 2001

English version

Textiles - Determination of the resistance of cellulose-containing
textiles to micro-organisms - Soil burial test - Part 1:
Assessment of rot-retardant finishing (ISO 11721-1:2001)

Textiles - Détermination de la résistance aux micro-
organismes des textiles contenant de la cellulose - Essai
d'enfouissement - Partie 1: Evaluation d'un traitement
d'imputrescibilité (ISO 11721-1:2001)

Textilien - Bestimmung der Widerstandsfähigkeit
zellulosehaltiger Textilien gegen Mikroorganismen -
Erdeingrabetest - Teil 1: Nachweis einer
verrottungshemmenden Ausrüstung (ISO 11721-1:2001)

This European Standard was approved by CEN on 4 October 2000.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

Foreword

The text of EN ISO 11721-1:2001 has been prepared by Technical Committee CEN/TC 248 "Textiles and textile products", the secretariat of which is held by BSI, in collaboration with Technical Committee ISO/TC 38 "Textiles".

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by July 2001, and conflicting national standards shall be withdrawn at the latest by July 2001.

According to the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard: Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and the United Kingdom.
