National foreword

This British Standard has been prepared by Technical Committee PRI/66 and is the English language version of EN ISO 11758:1997 *Rubber and plastics hoses — Exposure to a xenon arc lamp — Determination of changes in colour and appearance*, including its Corrigendum September 1998, published by the European Committee for Standardization (CEN). It is identical with ISO 11758:1995, including Corrigendum 1 1998, published by the International Organization for Standardization (ISO).

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
