

Refractory products — Determination of resistance to carbon monoxide

The European Standard EN ISO 12676:2003 has the status of a British Standard

ICS 81.080

National foreword

This British Standard is the UK implementation of EN ISO 12676:2003. It is identical with ISO 12676:2000. It supersedes BS 1902-3.10:1981, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee RPI/1, Refractories.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Committee and comes into effect on 15 February 2001
