

Safety of machinery — Emergency stop — Principles for design

The European Standard EN ISO 13850:2006 has the status of a British Standard

ICS 13.110

National foreword

This British Standard was published by BSI. It is the UK implementation of EN ISO 13850:2006. It supersedes BS EN 418:1992 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee GEL/44, Safety of machinery — Electrotechnical aspects.

A list of organizations represented on GEL/44 can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 30 March 2007
