Textiles — Determination of the slippage resistance of yarns at a seam in woven fabrics —

Part 2: Fixed load method

The European Standard EN ISO 13936-2:2004 has the status of a British Standard

ICS 59.080.30

National foreword

This British Standard is the official English language version of EN ISO 13936-2:2004. It is identical with ISO 13936-2:2004.

The UK participation in its preparation was entrusted to Technical Committee TCI/24, Textiles — Physical testing, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the *BSI Catalogue* under the section entitled “International Standards Correspondence Index”, or by using the “Search” facility of the *BSI Electronic Catalogue* or of British Standards Online.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
