

Paints and varnishes — Bend test (cylindrical mandrel)

The European Standard EN 1519:2002 has the status of a
British Standard

ICS 87.040

National foreword

This British Standard is the official English language version of EN ISO 1519:2002. It is identical with ISO 1519:2002. It supersedes BS EN ISO 1519:1995 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee STI/10, Test methods for paints, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the BSI Standards Catalogue under the section entitled “International Standards Correspondence Index”, or by using the “Find” facility of the BSI Standards Electronic Catalogue.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

This British Standard, having been prepared under the direction of the Sector Policy and Strategy Committee Materials and Chemicals, was published under the authority of the Standards Policy and Strategy Committee on 16 April 2002
