

Fishing nets — Description and designation of knotted netting

The European Standard EN ISO 1530:2003 has the status of a
British Standard

ICS 65.150

National foreword

This British Standard is the official English language version of EN ISO 1530:2003. It is identical with ISO 1530:2003. It supersedes BS 5172:1975 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee TCI/77, Ropes, cordage and fishing nets, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.
