

Animal and vegetable fats and oils — Determination of low-boiling halogenated hydrocarbons in edible oils

The European Standard EN ISO 16035:2005 has the status of a British Standard

ICS 67.200.10

National foreword

This British Standard is the English language version of EN ISO 16035:2005. It is identical with ISO 16035:2003.

The UK participation in its preparation was entrusted to Technical Committee AW/307, Oil seeds animal and vegetable fats and oils, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.
