Plastics — Determination of the degree of disintegration of plastic materials under defined composting conditions in a pilot-scale test

National foreword

This British Standard is the UK implementation of EN ISO 16929:2019. It supersedes BS ISO 16929:2013, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PRI/89, Plastics - Environmental Aspects.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
