Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee TCI/24, Physical testing, upon which the following bodies were represented:

- Association of Consulting Scientists
- Association of Suppliers to the British Clothing Industry
- British Apparel and Textile Confederation
- British Measurement and Testing Association
- British Polyolefin Textiles Association
- British Textile Machinery Association
- British Textile Technology Group
- British Throwsters' Association
- Furniture Industry Research Association
- International Wool Secretariat
- Ministry of Defence
- SATRA Footwear Technology Centre
- Society of Dyers and Colourists
- Textile Finishers' Association
- Textile Institute

This British Standard, having been prepared under the direction of the Sector Board for Materials and Chemicals, was published under the authority of the Standards Board and comes into effect on 15 August 1995

National foreword

This British Standard has been prepared by Technical Committee TCI/24 and is the English language version of EN ISO 2060:1995 *Textiles — Determination of linear density mass per unit length by the skein method*, which is identical with ISO 2060:1994 published by the International Organization for Standardization (ISO).

Cross-references

Publication referred to	Corresponding British Standard
ISO 139:1973	BS EN 20139:1992 <i>Textiles — Standard atmospheres for conditioning and testing</i>

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN ISO title page, pages 2 to 12, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

Descriptors: Textiles, textile products, yarns, tests, physical tests, determination, linear density, density measurement, packages (yarn)

English version

Textiles — Yarn from packages — Determination of linear density (mass per unit length) by the skein method

(ISO 2060:1994)

Textiles — Fils sur enroulements —
Détermination de la masse linéique
(masse par unité de longueur) par la méthode
de l'écheveau
(ISO 2060:1994)

Textilien — Garne von
Aufmachungseinheiten — Bestimmung der
Feinheit (Masse je Längeneinheit) durch
Strangverfahren
(ISO 2060:1994)

This European Standard was approved by CEN on 1994-12-12. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

Foreword

The text of the International Standard ISO 2060:1994 has been prepared by Technical Committee ISO/TC 38, Textiles, in collaboration with CEN/TC 248. It has been submitted to parallel vote and has been approved on 1994-12-12 as a European Standard.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by August 1995, and conflicting national standards shall be withdrawn at the latest by August 1995.

According to CEN/CENELEC Internal Regulations, the following countries are bound to implement this European Standard: Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland, United Kingdom.

NOTE Normative references to international publications are listed in Annex ZA (normative).
