National foreword

This British Standard has been prepared by Technical Committee TCI/24 and is the English language version of EN ISO 2062:1995 *Textiles — Yarns from packages — Determination of single-end breaking force and elongation at break*, published by the European Committee for Standardization (CEN). It is identical with ISO 2062:1993 published by the International Organization for Standardization (ISO).

This British Standard supersedes BS 1932-1:1989, which is withdrawn.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
