Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the General Mechanical Engineering Standards Policy Committee (GME/-) to Technical Committee GME/9, upon which the following bodies were represented:

- BEAMA Ltd.
- British Constructional Steelwork Association Ltd.
- British Industrial Fasteners Federation
- British Railways Board
- British Steel Industry
- British Steel Industry (Wire Section)
- Gauge and Tool Makers' Association
- Ministry of Defence
- Society of Motor Manufacturers and Traders Ltd.
- Washer Manufacturers' Association of Great Britain

The following bodies were also represented in the drafting of the standard, through subcommittees and panels:

- British Furniture Manufacturers' Federation
- British Independent Steel Producers' Association
- National Association of Fastener Stockholders

This British Standard, having been prepared under the direction of the General Mechanical Engineering Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 15 September 1992

National foreword

This British Standard has been prepared under the direction of the General Mechanical Engineering Standards Policy Committee. It is identical with ISO 2702:1992 *Heat-treated steel tapping screws — Mechanical properties*, published by the International Organization for Standardization (ISO).

In 1993 the European Committee for Standardization (CEN) accepted ISO 2702:1992 as European Standard EN ISO 2702:1994. As a consequence of implementing the European Standard this British Standard is renumbered as BS EN ISO 2702:1995 and any reference to BS 7598 should be read as a reference to BS EN ISO 2702.

Cross-references

International Standard	Corresponding British Standard
ISO 1478:1983	BS EN ISO 1478:1995 <i>Tapping screw threads</i>

The Technical Committee has reviewed the provisions of ISO 6507-1:1982 and ISO 6507-2:1983, to which normative reference is made in the text, and has decided that they are acceptable for use in conjunction with this standard. A related British Standard for both ISO 6507-1:1982 and ISO 6507-2:1983 is BS 5600-4.6:1987.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN ISO title page, pages 2 to 6, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
