

Plastics — Compression moulding of test specimens of thermosetting materials

IMPORTANT NOTE. Before reading this method it is essential to read BS 2782-0, Introduction, issued separately.

The European Standard EN ISO 295:1998 has the status of a British Standard

ICS 83.080.01

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Plastics and Rubber Standards Policy Committee (PRM/-) to Technical Committee PRM/21, upon which the following bodies were represented:

- British Plastics Federation
- British Steel Industry
- British Telecommunications plc
- British Textile Confederation
- Department of Trade and Industry (National Physical Laboratory)
- EEA (the Association of Electronics, Telecommunications and Business Equipment Industries)
- Electrical and Electronic Insulation Association (BEAMA Ltd.)
- Electrical Installation Equipment Manufacturers' Association (BEAMA Ltd.)
- GAMBICA (BEAMA Ltd.)
- Ministry of Defence
- Packaging and Industrial Films Association
- PIRA
- Plastic Industrial Containers Association
- Plastics and Rubber Institute
- RAPRA Technology Ltd.
- Yarsley Technical Centre Ltd.

This British Standard, having been prepared under the direction of the Plastics and Rubber Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 28 February 1992

National foreword

This British Standard is the English language version of EN ISO 2578:1998.

Cross-references

International Standard	Corresponding British Standard
ISO 800:1977	BS 771 <i>Phenolic moulding materials</i> Part 1:1980 <i>Specification for physical properties</i> (excluding type L2 material) (Identical)
ISO 1183:1983	BS 2782: <i>Methods of testing plastics</i> Part 6: Methods 620A to 620D:1991 <i>Determination of density and relative density of non-cellular plastics</i> (Identical)
ISO 2112:1990	BS 1322:1981 <i>Specification for aminoplastic moulding materials</i> (Identical)
ISO 3167:1983	BS 2782 <i>Methods of testing plastics</i> Part 9:Method 931A:1988 <i>Preparation and use of multipurpose test specimens</i> (Identical)

WARNING NOTE. This British Standard, which is identical with EN ISO 295:1998, does not necessarily detail all the precautions necessary to meet the requirements of the Health and Safety at Work, etc. Act 1974. Attention should be paid to any appropriate safety precautions and the method should be operated only by trained personnel.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN ISO title page, pages 2 to 10, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

English version

Plastics — Compression moulding of test specimens of thermosetting materials

(ISO 295:1991)

Plastiques — Moulage par compression des éprouvettes en matières thermodurcissables
(ISO 295:1991)

Kunststoffe — Pressen von Probekörpern aus duroplastischen Werkstoffen
(ISO 295:1991)

This European Standard was approved by CEN on 16 October 1998.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
