

Metallic and other inorganic coatings — Review of methods of measurement of thickness

The European Standard EN ISO 3882:2003 has the status of a
British Standard

ICS 25.220.20; 25.220.40

Confirmed May 2009

National foreword

This British Standard is the official English language version of EN ISO 3882:2003. It is identical with ISO 3882:2003. It supersedes BS EN ISO 3882:1995 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee STI/37, Methods of test for metallic and related inorganic coatings including corrosion tests, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the *BSI Catalogue* under the section entitled “International Standards Correspondence Index”, or by using the “Search” facility of the *BSI Electronic Catalogue* or of British Standards Online.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, the EN ISO title page, the EN ISO foreword page, the ISO title page, pages ii to v, a blank page, pages 1 to 9, the Annex ZA pages and a back cover.

The BSI copyright notice displayed in this document indicates when the document was last issued.

English version

Metallic and other inorganic coatings - Review of methods of measurement of thickness (ISO 3882:2003)

Revêtements métalliques et autres revêtements inorganiques - Vue d'ensemble sur les méthodes de mesurage de l'épaisseur (ISO 3882:2003)

Metallische und andere anorganische Überzüge - Übersicht über Verfahren zur Schichtdickenmessung (ISO 3882:2003)

This European Standard was approved by CEN on 21 March 2003.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Luxembourg, Malta, Netherlands, Norway, Portugal, Slovakia, Spain, Sweden, Switzerland and United Kingdom.

CORRECTED 2003-07-16

Foreword

This document (EN ISO 3882:2003) has been prepared by Technical Committee ISO/TC 107 "Metallic and other inorganic coatings" in collaboration with Technical Committee CEN/TC 262 "Metallic and other inorganic coatings", the secretariat of which is held by BSI.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by October 2003, and conflicting national standards shall be withdrawn at the latest by October 2003.

This document supersedes EN ISO 3882:1994.

According to the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard: Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Luxembourg, Malta, Netherlands, Norway, Portugal, Slovakia, Spain, Sweden, Switzerland and the United Kingdom.

Endorsement notice

The text of ISO 3882:2003 has been approved by CEN as EN ISO 3882:2003 without any modifications.

NOTE Normative references to International Standards are listed in Annex ZA (normative).
