

Metallic powders, excluding powders for hardmetals — Determination of compressibility in uniaxial compression

ICS 77.160

National foreword

This British Standard is the UK implementation of EN ISO 3927:2001. It is identical with ISO 3927:2001, incorporating corrigendum December 2008. It supersedes BS EN 23927:1993 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee ISE/65, Sintered metal components.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard, having been prepared under the direction of the Engineering Sector Policy and Strategy Committee, was published under the authority of the Standards Policy and Strategy Committee on 04 January 2002

Amendments/corrigenda issued since publication

Amd. No.	Date	Comments
13743 Corrigendum No. 1	11 March 2002	Correction to EN ISO foreword page
	31 May 2009	Implementation of ISO corrigendum December 2008. Footnote 1) deleted and new subclause added in Clause 8

English version

**Metallic powders, excluding powders for hardmetals -
Determination of compressibility in uniaxial compression (ISO
3927:2001)**

Poudres métalliques, à l'exclusion des poudres pour
métaux-durs - Détermination de la compressibilité sous
compression uniaxiale (ISO 3927:2001)

Metallpulver, mit Ausnahme von Hartmetallpulvern -
Bestimmung der Verdichtbarkeit bei einachsigem Pressen
(ISO 3927:2001)

This European Standard was approved by CEN on 1 December 2001.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

CORRECTED 2002-01-30

Foreword

The text of the International Standard ISO 3927:2001 has been prepared by Technical Committee ISO/TC 119 "Powder metallurgy", the secretariat of which is held by CMC.

This document supersedes EN 23927:1993.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by June 2002, and conflicting national standards shall be withdrawn at the latest by June 2002.

According to the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard: Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and the United Kingdom.

Endorsement notice

The text of the International Standard ISO 3927:2001 was approved by CEN as a European Standard without any modifications.
