Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee PRI/24, Test methods for cellular plastics and rubbers, upon which the following bodies were represented:

- British Plastics Federation
- British Railways Board
- British Rigid Urethane Foam Manufacturers' Association
- British Rubber Manufacturers' Association Ltd.
- Department of the Environment (Building Research Establishment)
- Furniture Industry Research Association
- Furniture, Timber and Allied Trades Union
- Ministry of Defence
- National Bed Federation Limited
- Phenolic Foam Manufacturers' Association
- RAPRA Technology Ltd.
- Society of British Aerospace Companies Limited
- Society of Motor Manufacturers and Traders Limited

This British Standard, having been prepared under the direction of the Sector Board for Materials and Chemicals, was published under the authority of the Standards Board and comes into effect on 15 July 1995

National foreword

This British Standard has been prepared by Technical Committee PRI/24 and is the English language version of EN ISO 4638:1995 *Polymeric materials, cellular flexible — Determination of air flow permeability*, published by the European Committee for Standardization (CEN) which is identical with ISO 4638:1984, published by the International Organization for Standardization.

Cross-reference

Publication referred to	Corresponding British Standard
ISO 845:1988	BS EN 20845:1995 <i>Cellular plastics and rubbers of apparent (bulk) density</i>

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN ISO title page, pages 2 to 10, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

Polymeric materials, cellular flexible — Determination of air flow permeability

Matériaux polymères alvéolaires souples —
Détermination de la perméabilité à l'air
(ISO 4638:1984)

Weichelastische Schaumstoffe — Bestimmung
der Luftstromdurchlässigkeit
(ISO 4638:1984)

This European Standard was approved by CEN on 1995-05-11. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
