# Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee EPC/44, Water quality, upon which the following bodies were represented:

- Association of Consulting Scientists
- British Association for Chemical Specialities
- British Gas plc
- Chemical Industries Association
- Convention of Scottish Local Authorities
- Department of Trade and Industry (Laboratory of the Government Chemist)
- Department of Economic Development (Northern Ireland)
- Department of the Environment for Northern Ireland
- Department of the Environment (Water Directorate)
- Electricity Association
- Industrial Water Society
- Institution of Gas Engineers
- Institution of Water and Environmental Management
- Institution of Water Officers
- National Rivers Authority
- Royal Institute of Public Health and Hygiene
- Royal Society of Chemistry
- Scottish Association of Directors of Water and Sewerage Services
- Soap and Detergent Industry Association
- Society of Chemical Industry
- Water Companies Association
- Water Research Centre
- Water Services Association of England and Wales

This British Standard, having been prepared under the direction of the Health and Environment Sector Board, was published under the authority of the Standards Board and comes into effect on 15 September 1995

| List of references                                                                               | Inside back cover  |

# National foreword

This British Standard has been prepared by Technical Committee EPC/44, Water quality, and is the English language version of EN ISO 5961:1995 *Water quality — Determination of cadmium by atomic absorption spectrometry*, published by the European Committee for Standardization (CEN). It is identical with ISO 5961:1994, published by the International Organization for Standardization (ISO). This standard supersedes BS 6068-2.21:1985, which is withdrawn.

## Cross-references

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

**Compliance with a British Standard does not of itself confer immunity from legal obligations.**

## Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN ISO title page, pages 2 to 12, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

Descriptors: Water, quality, water tests, chemical analysis, determination of content, cadmium, atomic absorption spectrometric method

English version

## Water quality — Determination of cadmium by atomic absorption spectrometry

(ISO 5961:1994)

Qualité de l'eau — Dosage du cadmium par spectrométrie d'absorption atomique  
(ISO 5961:1994)

Bestimmung von Cadmium durch Atomabsorptionsspektrometrie  
(ISO 5961:1994)

This European Standard was approved by CEN on 1994-11-14. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

## Foreword

This European Standard has been taken over by the Technical Committee CEN/TC 230, Water analysis, from the work of ISO/TC 147, Water quality, of the International Organization for Standardization (ISO).

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endoresement, at the latest by September and conflicting national standards shall be withdrawn at the latest by September.

According to the CEN/CENELEC Internal Regulations, the following countries are bound to implement this European Standard: Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
