# Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee SME/32, Steering Committee for shipbuilding and marine standards, upon which the following bodies were represented:

- British Marine Equipment Council
- British Maritime Technology
- British Motor Ship Owners Association
- British Waterways Board
- Chamber of Shipping
- Lloyd’s Register of Shipping
- Marine Safety Agency
- Ministry of Defence
- Shipbuilders and Shiprepairers Association

This British Standard, having been prepared under the direction of the Engineering Secotr Board, was published under the authority of the Standards Board and comes into effect on 15 March 1997

# National foreword

This British Standard has been prepared by Technical Committee SME/32 and is the English language version of EN ISO 6115:1996 *Shipbuilding — Trawl winches*, published by the European Committee for Standardization (CEN). It is identical with ISO 6115:1988, published by the International Organization for Standardization (ISO).

EN ISO 6115:1996 was produced as a result of international discussions in which the United Kingdom took an active part.

This British Standard supersedes BS MA 54:1975 which is withdrawn.

### Cross-references

| Publication referred to | Corresponding British Standard                                                                                              |
|-------------------------|-----------------------------------------------------------------------------------------------------------------------------|
| ISO 4413:1979           | BS 4575 <i>Fluid power transmission and control systems</i><br>Part 1:1979 <i>Guide for hydraulic equipment and systems</i> |
| IEC 529:1976            | BS EN 60529:1992 <i>Specification for degrees of protection provided by enclosures (IP code)</i>                            |

The Technical Committee has reviewed the provisions of ISO 2408:1985, ISO 2944:1974, ISO 3828:1984, ISO 6482:1980, ISO 7825:1985, and IEC 92:1965 to 1988, to which normative reference is made in the text, and has decided that they are acceptable for use in conjunction with this standard.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

**Compliance with a British Standard does not of itself confer immunity from legal obligations.**

### Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN ISO title page, page 2, the ISO title page, pages ii to iv, pages 1 to 8, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

## Shipbuilding — Trawl winches

(ISO 6115:1988)

Construction navale — Treuils de pêche  
(ISO 6115:1988)

Schiffbau — Fischnetzwinden (ISO 6115:1988)

This European Standard was approved by CEN on 1996-10-19. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

The European Standards exist in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

## Foreword

The text of the International Standard from Technical Committee ISO/TC 8 “Ships and marine technology” of the International Organization for Standardization (ISO) has been taken over as an European Standard by Technical Committee CEN/TC 300 “Sea-going vessels and marine technology”, the secretariat of which is held by DIN.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by May 1997 and conflicting national standards shall be withdrawn at the latest by May 1997.

According to the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard: Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and the United Kingdom.

### Endorsement notice

The text of the International Standard ISO 6115:1988 has been approved by CEN as a European Standard without any modification.
