Committees responsible for this British Standard

The preparation of this British Standard was entrusted by Technical Committee EH/3, Water quality, to Subcommittee EH/3/5, Biological methods, upon which the following bodies were represented:

- BLWA Ltd. (The Association of the Laboratory Supply Industry)
- Department of Economic Development (Northern Ireland)
- Department of Health
- Department of the Environment (Her Majesty's Inspectorate Of Pollution)
- Department of the Environment (Water Directorate)
- Freshwater Biological Association
- Institution of Water and Environmental Management
- Ministry of Agriculture, Fisheries and Food
- National Rivers Authority
- Royal Society of Chemistry
- Scottish Natural Heritage
- Soap and Detergent Industry Association
- Water Research Centre

This British Standard, having been prepared under the direction of the Health and Environment Sector Board, was published under the authority of the Standards Board and comes into effect on 15 August 1996

National foreword

This British Standard has been prepared by Subcommittee EH/13/5 and is the English language version of EN ISO 6341:1996 *Water quality — Determination of the inhibition of the mobility of Daphnia magna Straus (Cladocera, Crustacea) — Acute toxicity test*, published by the European Committee for Standardization (CEN). It is identical with ISO 6341:1996, published by the International Organization for Standardization (ISO). It supersedes BS 6068-5.1:1990, which is withdrawn.

Qualité de l'eau — Détermination de
l'inhibition de la mobilité de *Daphnia magna*
Straus (Cladocera, Crustacea) — Essai de
toxicité aigu
(ISO 6341:1996)

Wasserbeschaffenheit — Bestimmung der
Hemmung der Beweglichkeit von *Daphnia magna* Straus (Cladocera, Crustacea) — Akuter
Toxizitäts-Test
(ISO 6341:1996)

This European Standard was approved by CEN on 1996-01-28. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

Foreword

The text of the International Standard ISO 6341:1996 has been prepared by Technical Committee ISO/TC 147, Water quality, in collaboration with the Technical Committee CEN/TC 230, Water analysis, the secretariat of which is held by DIN.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by October 1996, and conflicting national standards shall be withdrawn at the latest by October 1996.

According to the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard: Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and the United Kingdom.

NOTE Normative references to International Standards are listed in Annex ZA (normative).
