Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Agriculture and Food Standards Policy Committee (AFC/-) to Technical Committee AFC/9, upon which the following bodies were represented:

- Association of Public Analysts
- BLWA Ltd. (Association of the Laboratory Supply Industry)
- British Food Manufacturing Industries Research Association
- Campden Food and Drink Research Association
- Department of Agriculture Northern Ireland
- Department of Health
- Department of Trade and Industry (Laboratory of the Government Chemist)
- Flour Milling and Baking Research Association
- Food and Drink Federation
- Fruit and Vegetable Canners' Association
- Institute of Brewing
- Joint Committee of the Milk Marketing Board and the Dairy Trade Federation
- Ministry of Agriculture, Fisheries and Food
- Natural Resources Institute
- Public Health Laboratory Service
- Society for Applied Bacteriology
- United Kingdom Dairy Association
- University of Bristol
- University of Reading

This British Standard, having been prepared under the direction of the Agriculture and Food Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 15 March 1994

National foreword

In 1997 the European Committee for Standardization (CEN) accepted ISO 7932:1993 as European Standard EN ISO 7932:1997. As a consequence of implementing the European Standard this British Standard is renumbered as BS EN ISO 7932:1998. This British Standard has been prepared by Technical Committee AW/9, and is the English language version of EN ISO 7932:1997 including Technical Corrigendum 1, published by the European Committee for Standardization (CEN). It is identical with ISO 7932:1993, *Microbiology — General guidance for the enumeration of *Bacillus cereus* — Colony-count technique at 30 °C*, published by the International Organization for Standardization.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN ISO title page, pages 2 to 10, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

Descriptors: See ISO document

English version

Microbiology — General guidance for the enumeration of Bacillus cereus — Colony-count technique at 30 °C

(ISO 7932:1993)

Microbiologie — Directives générales pour le
dénombrement de *Bacillus cereus* — Méthode
par comptage des colonies à 30 °C
(ISO 7932:1993 + corrigendum 1:1997)

Mikrobiologie — Allgemeine Anleitung zur
Zählung von *Bacillus cereus* —
Koloniezählverfahren bei 30 °C
(ISO 7932:1993 + corrigendum 1:1997)

This European Standard was approved by CEN on 15 February 1997.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
