

Pulps — Determination of saleable mass in lots —

Part 1: Pulp baled in sheet form

The European Standard EN ISO 801-1:1996 has the status of a British Standard

ICS 85.040

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee PAI/11, upon which the following bodies were represented:

- British Carton Association
- British Fibreboard Packaging Association
- British Printing Industries' Federation
- British Textile Confederation
- Envelope Makers' and Manufacturing Stationers' Association
- Her Majesty's Stationery Office
- Institute of Paper Conservation
- Paper Federation of Great Britain
- Pira International
- Post Office
- University of Manchester (Institute of Science and Technology)
- Co-opted members

This British Standard, having been prepared under the direction of the Materials and Chemicals Sector Board (I/-), was published under the authority of the Standards Board and comes into effect on 15 January 1995

National foreword

This British Standard has been prepared by Technical Committee PAI/11 and is the English language version of EN ISO 801-1:1996 *Pulps — Determination of saleable mass in lots — Part 1: Pulp baled in sheet form*, published by the European Committee for Standardization (CEN). It is identical with ISO 801-1:1994, published by the International Organization for Standardization (ISO). It supersedes BS 4747-1:1995, which is withdrawn.

EN ISO 801-1:1996 was produced as a result of international discussions in which the United Kingdom took an active part.

EN ISO 801-1:1996 has been approved by CEN member bodies under the weighted voting procedures introduced in 1988 to coincide with the introduction of “New Approach” Directives from the Commission of the European Community.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN ISO title page, pages 2 to 12 and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

English version

Pulps — Determination of saleable mass in lots — Part 1: Pulp baled in sheet form

(ISO 801-1:1994)

Pâtes — Détermination de la masse marchande
des lots —

Partie 1: Balles de pâtes en feuilles
(ISO 801-1:1994)

Zellstoffe — Bestimmung es Handelsgewichtes
von Lieferposten —

Teil 1: Zellstoffbogen in Ballen
(ISO 801-1:1994)

This European Standard was approved by CEN on 1996-08-25. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

Foreword

The text of the International Standard from Technical Committee ISO/TC 6, Paper, board and pulps, of the International Organization for Standardization (ISO) has been taken over as a European Standard by Technical Committee CEN/TC 172, Pulp, paper and board, the Secretariat of which is held by DIN.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by March 1997, and conflicting national standards shall be withdrawn at the latest by March 1997.

According to CEN/CENELEC Internal Regulations, the following countries are bound to implement this European Standard: Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and the United Kingdom.
