Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Agriculture and Food Standards Policy Committee (AFC/-) to Technical Committee AFC/18, upon which the following bodies were represented:

- AFRC Institute of Food Research
- Association of Public Analysts
- British Food Manufacturing Industries Research Association
- Department of Trade and Industry (Laboratory of the Government Chemist)
- FOSFA International
- Institute of Biology
- International Association of Seed Crushers
- International Federation of Inspection Agencies
- Margarine and Shortening Manufacturers' Association
- Ministry of Agriculture, Fisheries and Food
- Natural Resources Institute
- Royal Society of Chemistry
- Seed Crushers' and Oil Processors' Association
- Soap and Detergent Industry Association
- Society of Chemical Industry
- Tropical Growers' Association
- United Kingdom Renderers' Association Ltd.

This British Standard, having been prepared under the direction of the Agriculture and Food Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 1 April 1992

National foreword

This Section of BS 684 has been prepared under the direction of the Agriculture and Food Standards Policy Committee. It is identical with ISO 8292:1991 “*Animal and vegetable fats and oils — Determination of solid fat content — Pulsed nuclear magnetic resonance method*” published by the International Organization for Standardization (ISO), and in the preparation of which the United Kingdom played a full part.

In 1995 the European Committee for Standardization (CEN) accepted ISO 8292:1991 as European Standard EN ISO 8292:1995. As a consequence of implementing the European Standard this British Standard is renumbered as BS EN ISO 8292 and any reference to BS 684-2.22 should be read as a reference to BS EN ISO 8292.

Cross-references

International Standard	Corresponding British Standard
ISO 661:1989	BS 684 <i>Methods of analysis of fats and fatty oils</i> Part 0:1989 <i>General introduction</i> (Appendix B is identical)
ISO 5555:1991	BS 627:1991 <i>Methods for sampling of animal and vegetable fats and oils</i> (Identical)
ISO 5725:1986	BS 5497 <i>Precision of test methods</i> Part 1:1987 <i>Guide for the determination of repeatability and reproducibility for a standard test method by inter-laboratory tests</i> (Identical)

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN ISO title page, pages 2 to 8, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

ICS 67.200.10

Descriptors: Agricultural products, food products, animal fats, vegetable fats, animal oils, vegetable oils, chemical analysis, determination of content, fats, nuclear magnetic resonance method

English version

Animal and vegetable fats and oils —
Determination of solid fat content —
Pulsed nuclear magnetic resonance method

(ISO 8292:1991)

Corps gras d'origines animale et végétale —
Détermination de la teneur en corps gras
solides —
Méthode par résonance magnétique nucléaire
pulsée
(ISO 8292:1991)

Tierische und pflanzliche Fette und Öle —
Bestimmung des Festanteils von Fett —
Verfahren mit gepulster magnetischer
Kernresonanz
(ISO 8292:1991)

This European Standard was approved by CEN on 1995-01-05. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
