National foreword

This British Standard has been prepared by Technical Committee GME/33 and is the English language version of EN ISO 8665:1995 *Small craft — Marine propulsion engines and systems — Power measurements and declarations*, including amendment A1:2000, published by the European Committee for Standardization. It is identical with ISO 8665:1994 published by the International Organization for Standardization.

Cross-reference

The British Standard which implement international or European publications referred to in this document may be found in the BSI Standard catalogue under the section entitled “International Standards Correspondence Index” or by using the “Find” facility of the BSI Standard Electronic Catalogue.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
