Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the General Mechanical Engineering Standards Policy Committee (GME/-) to Technical Committee GME/32, upon which the following bodies were represented:

- British Marine Equipment Council
- British Maritime Technology
- British Motor Ship Owners' Association
- British Waterways Board
- Department of Transport (Marine Directorate)
- General Council of British Shipping
- Lloyd's Register of Shipping
- Ministry of Defence
- North East Coast Institution of Engineers and Shipbuilders
- Shipbuilders' and Shiprepairers' Association

This British Standard, having been prepared under the direction of the General Mechanical Engineering Standards Policy Committee, was published under the authority of the Board of BSI and comes into effect on 31 December 1990

National foreword

This British Standard has been prepared under the direction of the General Mechanical Engineering Standards Policy Committee. It is identical with ISO 8729:1987 “*Shipbuilding — Marine radar reflectors*”, published by the International Organization for Standardization (ISO).

In 1994 the European Committee for Standardization (CEN) accepted ISO 8729:1987 as European Standard EN ISO 8729:1994. As a consequence of implementing the European Standard this British Standard is renumbered as BS EN ISO 8729 and any reference to BS 7380 should be read as a reference to BS EN ISO 8729.

Cross-references. IMO Resolutions A.384(X) and A.477(XII) are available from The Secretariat, International Maritime Organization, Publications Section, 4 Albert Embankment, London SE1 7SR.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN ISO title page, pages 2 to 8, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

UDC 621.967:629.12

Descriptors: Shipbuilding, ships, instruments, radar equipment, specifications, tests, marking

English version

Shipbuilding — Marine radar reflectors

(ISO 8729:1987)

Construction navale — Réflecteurs radars de
marine
(ISO 8729:1987)

Schiffbau — Raddarreflektoren für die
Schifffahrt
(ISO 8729:1987)

This European Standard was approved by CEN on 1994-08-22. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
