

Methods for determination of water in crude petroleum, petroleum products and bituminous materials by distillation

Part 1. Method for crude petroleum

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Petroleum Standards Policy Committee (PTC/-) to Technical Committee PTC/12, upon which the following bodies were represented:

- Department of Energy (Gas and Oil Measurement Branch)
- Department of Trade and Industry (National Engineering Laboratory)
- Department of Transport (Marine Directorate)
- General Council of British Shipping
- Institute of Petroleum
- Royal Institution of Naval Architects
- Salvage Association

The following body was also represented in the drafting of the standard, through subcommittees and panels:

Nautical Institute

This British Standard, having been prepared under the direction of the Petroleum Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 30 August 1991

Amendments issued since publication

Amd. No.	Date	Text affected

Amendment No. 1
published and effective from 15 December 1995
to BS 4385 : Part 1 : 1991

**Methods for determination of water in crude petroleum,
petroleum products and bituminous materials by distillation**
Part 1. Method for crude petroleum

NOTE. The European Committee for Standardization (CEN) has accepted ISO 9029 : 1990 as a European Standard designated as EN ISO 9029 : 1995. This amendment implements EN ISO 9029 : 1995 as a British Standard in the BS EN ISO series.

Implementation of European Standard

Front cover

Delete the outside front cover and substitute the attached.

AMD 8663/December 1995

National Foreword

At the end of paragraph 1 insert the following paragraph.

In 1995 the European Committee for Standardization (CEN) accepted ISO 9029 : 1990 as European Standard EN ISO 9029 : 1995. As a consequence of implementing the European Standard this British Standard is renumbered as BS EN ISO 9029 and any reference to BS 4385 : Part 1 should be read as a reference to BS EN ISO 9029.

English version

Crude petroleum — Determination of water — Distillation method

(ISO 9029 : 1990)

Pétrole brut — Détermination de la teneur en
eau — Méthode de distillation
(ISO 9029 : 1990)

Rohöl — Bestimmung des Wassergehaltes —
Destillationsverfahren
(ISO 9029 : 1990)

This European Standard was approved by CEN on 1995-07-06. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

Foreword

The text of the international standard from ISO/TC 28, Petroleum products and lubricants, of the International Organization for Standardization (ISO) has been taken over as a European Standard by the Technical Committee CEN/TC 19, Petroleum products, lubricants and related products.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by February 1996, and conflicting national standards shall be withdrawn at the latest by February 1996.

According to CEN/CENELEC Internal Regulations, the following countries are bound to implement this European Standard: Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and the United Kingdom.
