Cooperating organizations

The European Committee for Standardization (CEN), under whose supervision this European Standard was prepared, comprises the national standards organizations of the following countries:

Austria	Oesterreichisches Normungsinstitut
Belgium	Institut belge de normalisation
Denmark	Dansk Standard
Finland	Suomen Standardisoimisliitto, r.y.
France	Association française de normalisation
Germany	Deutsches Institut für Normung e.V.
Greece	Hellenic Organization for Standardization
Iceland	Technological Institute of Iceland
Ireland	National Standards Authority of Ireland
Italy	Ente Nazionale Italiano di Unificazione
Luxembourg	Inspection du Travail et des Mines
Netherlands	Nederlands Normalisatie-instituut
Norway	Norges Standardiseringsforbund
Portugal	Instituto Português da Qualidade
Spain	Asociación Española de Normalización y Certificación
Sweden	Standardiseringskommissionen i Sverige
Switzerland	Association suisse de normalisation
United Kingdom	British Standards Institution

This British Standard, having been prepared under the direction of the Non-ferrous Metals Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 15 February 1995

National foreword

This British Standard has been prepared under the direction of the Non-ferrous Metals Standards Policy Committee and is the English language version of EN ISO 9455-3:1994 *Soft soldering fluxes — Test methods —*

Part 3: Determination of acid value, potentiometric and visual titration methods, published by the European Committee for Standardization (CEN). It is identical with ISO 9455-3:1992 *Soft soldering fluxes — Test methods —*

Part 3: Determination of acid value, potentiometric and visual titration methods, published by the International Organization for Standardization (ISO).

Textual error. When implementing the English language version of EN ISO 9455-3 as the national standard, the textual error given below was discovered. It has been reported to CEN.

In the foreword, the name of ISO/TC 44 should be Welding and allied processes. A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN ISO title page, pages 2 to 6, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
