Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Plastics and Rubber Standards Policy Committee (PRM/-) to Technical Committee PRM/67, upon which the following bodies were represented:

- British Coal Corporation
- British Rubber Manufacturers' Association
- British Steel plc
- Chief and Assistant Chief Fire Officers' Association
- Electricity Association
- Engineering Equipment and Materials Users' Association
- Health and Safety Executive
- Loughborough University of Technology
- Malaysian Rubber Producers' Research Association
- Man-made Fibres Producers' Committee
- Mechanical Handling Engineers' Association
- Plastics and Rubber Institute

This British Standard, having been prepared under the direction of the Plastics and Rubber Standards Policy Committee, was published under the authority of the Board of BSI and comes into effect on 30 November 1990

National foreword

This British Standard is the English language version of EN ISO 9856:1995 *Conveyor belts — Determination of elastic modulus* published by the European Committee for Standardization (CEN). It is identical with ISO 9856:1989 published by the International Organization for Standardization (ISO).

Cross-reference

International Standard	Corresponding British Standard
	BS 903 <i>Methods of testing vulcanized rubber</i>
ISO 471:1983	Part A35:1985 <i>Temperatures, humidities and times for conditioning and testing of test pieces</i>

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN ISO title page, pages 2 to 6, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
