Committees responsible for this British Standard

The preparation of this British Standard was entrusted by Technical Committee EH/3, Water quality, to Subcommittee EH/3/2, Physical, chemical and biochemical methods, upon which the following bodies were represented:

- The Association of the Laboratory Supply Industry
- British Agrochemicals Association Ltd.
- British Ceramic Research
- British Gas plc
- British Soft Drinks Association Ltd.
- Chemical Industries' Association
- Convention of Scottish Local Authorities
- Department of the Environment (Water Directorate)
- Department of Trade and Industry (Laboratory of the Government Chemist)
- GAMBICA (BEAMA) Ltd.
- Industrial Water Society
- Institution of Water and Environmental Management
- National Rivers Authority
- Royal Society of Chemistry
- Soap and Detergent Industry Association
- Society of Chemical Industry
- Swimming Pool and Allied Trades Association Ltd.
- Water Companies Association
- Water Research Centre
- Water Services Association of England and Wales

This British Standard, having been prepared under the direction of the Health and Environment Sector Board, was published under the authority of the Standards Board and comes into effect on 15 April 1996

National foreword

This British Standard has been prepared by Subcommittee EH/3/2 and is the English language version of EN ISO 9963-2:1995 *Water quality — Determination of alkalinity — Part 2: Determination of carbonate alkalinity*, published by the European Committee for Standardization (CEN). It is identical with ISO 9963-2:1994, published by the International Organization for Standardization (ISO).

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN ISO title page, pages 2 to 8, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

English version

Water quality — Determination of alkalinity — Part 2: Determination of carbonate alkalinity

(ISO 9963-2:1994)

Qualité de l'eau — Détermination de
l'alcalinité — Partie 2: Détermination de
l'alcalinité carbonate
(ISO 9963-2:1994)

Wasserbeschaffenheit — Bestimmung der
Alkalinität — Teil 2: Bestimmung der
Carbonatalkalinität
(ISO 9963-2:1994)

This European Standard was approved by CEN on 1995-10-11. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
