National foreword

This British Standard is the English Language version of EN ISO/IEC 7810:1996 and implements it as the UK national standard. It supersedes BS EN 27810:1991, which is withdrawn. It is identical with ISO/IEC 7813:1995 published by the International Organization for Standardization (ISO).

This British Standard is published under the direction of the Information Systems Technology Assembly whose Technical Committee IST/17 has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on interpretation, or proposals for change, and keep UK interest informed;
- monitor related international and European developments and promulgate them in the UK.

NOTE International and European Standards, as well as overseas standards, are available from Customer Services, BSI, 389 Chiswick High Road, London, W4 4AL

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
