National foreword

This British Standard has been prepared by Technical Committee IST/21 and is the English language version of EN ISP 11190:1996 *Information technology — International Standardized Profile FD13 — Directory data definitions — FTAM Use of the Directory*, published by the European Committee for Standardization (CEN). It is identical with ISO/IEC ISP 11190:1995 published by the International Organization for Standardization (ISO).

This British Standard is published under the direction of the Information Systems Technology Assembly whose Technical Committee IST/21 has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international committee any enquiries on interpretation, or proposals for change, and keep UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

NOTE International and European Standards, as well as overseas standards, are available from Customer Services, BSI, 389 Chiswick High Road, London W4 4AL.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
