

Specification for

Identification marking of electric cables

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Engineering Sector Board (E/-) to Technical Committee ACE/6, upon which the following bodies were represented:

- British Airways
- British Cable Makers' Confederation
- British Rubber Manufacturers' Association
- Civil Aviation Authority (Airworthiness Division)
- Federation of the Electronics Industry
- Ministry of Defence
- Society of British Aerospace Companies Ltd.

This British Standard, having been prepared under the direction of the Engineering Sector Board, was published under the authority of the Standards Board and comes into effect on 15 October 1994

National foreword

This British Standard has been prepared under the direction of the Engineering Sector Board and is identical with ISO 2574:1994 *Aircraft Electrical Cables — Identification marking* published by the International Organization for Standardization (ISO).

Cross-reference

International Standard	Corresponding British Standard
ISO 3166:1993	BS 5374:1989 <i>Specification for codes for the representation of names of countries</i> (Identical)

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, pages 1 to 6, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
