

Metallic powders — Test method for the determination of non-metallic inclusions in metal powders using a powder-forged specimen

ICS 77.160

National foreword

This British Standard was published by BSI. It is the UK implementation of ISO 13947:2007.

The UK participation in its preparation was entrusted to Technical Committee ISE/65, Sintered metal components.

A list of organizations represented on ISE/65 can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 30 March 2007
