

BSI Standards Publication

Plastics pipes and fittings — Crushing decohesion test for polyethylene (PE) electrofusion assemblies

National foreword

This British Standard is the UK implementation of ISO 13955:1997+A1:2020.

The start and finish of text introduced or altered by amendment is indicated in the text by tags. Tags indicating changes to ISO text carry the number of the ISO amendment. For example, text altered by ISO amendment 1 is indicated by **A1** **A1**.

The UK participation in its preparation was entrusted to Technical Committee PRI/88/4, Test Methods - Plastic Piping.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
