

Mineral and sapphire watch-glasses —

Part 1: Dimensions and tolerances

ICS 39.040.10

National foreword

This British Standard is the UK implementation of ISO 14368-1:2000, incorporating corrigendum January 2006.

The UK participation in its preparation was entrusted to Technical Committee STI/53, Specifications and methods of test for jewellery.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard, having been prepared under the direction of the Sector Committee for Materials and Chemicals, was published under the authority of the Standards Committee and comes into effect on 15 September 2001
