

BSI Standards Publication

Jewellery and precious metals — Determination of high purity silver — Difference method using ICP-OES

National foreword

This British Standard is the UK implementation of ISO 15096:2020. It supersedes BS ISO 15096:2014, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee STI/53, Specifications and test methods for jewellery and horology.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
