

Tobacco — Determination of the content of reducing carbohydrates — Continuous-flow analysis method

ICS 65.160

National foreword

This British Standard is the UK implementation of ISO 15154:2003+A1:2012. It supersedes BS ISO 15154:2003, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee AW/40, Tobacco and tobacco products.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 16 May 2003
