

BSI Standards Publication

Road vehicles — Compressed natural gas (CNG) fuel system components

Part 3: Check valve

National foreword

This British Standard is the UK implementation of ISO 15500-3:2020. It supersedes BS ISO 15500-3:2012+A1:2016, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee GSE/40, Gas supply equipment for natural gas vehicles.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
