

Solid ball-nosed end mills with cylindrical shanks made of carbide and ceramic materials — Dimensions

ICS 25.100.20

National foreword

This British Standard was published by BSI. It is the UK implementation of ISO 15917:2007.

The UK participation in its preparation was entrusted to Technical Committee MTE/5, Engineer’s rotary cutting tools of high speed steel.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 May 2007
